

STINGRAY
K-Tek®

Cleaning Instructions

1. Vacuum, sweep or use compressed air to loosen debris.
2. Use a cloth moistened with room temperature water to gently remove dust and dirt.
3. Spot Clean tougher stains with mild soapy water.
Rinse the area with clean water after the spot is cleaned.
4. Dry with clean, soft towel, being careful not to scratch vinyl cover.
Do not dry in direct sunlight.

Please Note:

Do not to use bleach or harsh chemical cleaners as they may permanently damage the bag.

Do not use a washing machine, dryer to clean K-Tek bags.
